OBJECTIVE

Software Engineering student (2nd semester), seeking a first professional opportunity in software development as an intern. Strong focus on the Java ecosystem (Spring Boot), aiming to apply technical knowledge and teamwork experience in an agile corporate environment.

EDUCATION

Bachelor's Degree in Software Engineering

Feb/2026 – Dec/2030 (expected) — currently enrolled

Pontifical Catholic University of Minas Gerais (PUC Minas) — Coração Eucarístico

- Currently in the 2nd semester.

TECHNICAL SKILLS

- Programming Languages:** Java (main), Python, and JavaScript.
- Frameworks & Technologies:** Spring Boot for back-end development.
- Web Development (Front-end):** HTML and CSS.
- Git/GitHub** — Basic/Intermediate level.
- English** — Intermediate level.
- Spanish** — Basic/Intermediate level.

SOFT SKILLS

- Assertive communication and teamwork (developed through team sports).
- Discipline, resilience, and focus on results.
- Decision-making under pressure.
- Quick adaptability and readiness to enter the job market.

CERTIFICATIONS & COURSES

Java Marathon

Ongoing — DevDojo

- In-depth study of Java, including Object-Oriented Programming (OOP) and advanced ecosystem concepts.

Python 3 Course

Completed — Curso em Vídeo (Prof. Gustavo Guanabara)

- Focus on structured programming logic, language fundamentals, variables, conditional structures, and loops.

PROJECTS

Web System with Authentication

In development

Java, Spring Boot, Thymeleaf, HTML, and CSS

- Full-stack development of a web application, focusing on the user interface (login screen) and authentication logic connecting the front-end to the back-end.

Weather Query REST API

Java and external API consumption

- Built a REST API for real-time querying of weather conditions in Belo Horizonte, handling requests and data processing.

Gym Management System (Bro Fit)

Java (Object-Oriented Programming)

- Academic console project to manage students and training plans, applying OOP best practices such as encapsulation, high cohesion, and low coupling.

EXTRACURRICULAR EXPERIENCE

Academic Olympiads

- Bronze Medal** — Kangaroo Math Competition (2025).
- Honorable Mention** — Kangaroo Math Competition (2023).

Competitive Futsal Team

Jan/2020 – Dec/2025

Colégio Santo Antônio — Belo Horizonte, MG

- 5 years of participation in a high-performance high school team, winning the back-to-back championship of the Minas Gerais Sports League (LIMES) (2023 and 2025).
- Practical experience that consolidated competencies highly valued in the tech market: assertive communication, teamwork, resilience, and quick decision-making under pressure.
